

## Diagnostic Histopathology Pricing

Pricing is based on the number of sites sampled.

Additional sites, large masses and complex samples incur additional charges.

| Histopathology   | Turnaround Time (TAT)      | Price (ex VAT)                           | Comments  |
|--|----------------------------|--|---|
| <b>Histopathology</b><br>Single site   | 3 days                     | £39.50                                   | TAT may be longer if decalcification or additional fixation is required |
| <b>Additional Sites</b>  | 3 days                     | Additional £7.50                         | Per site/lesion   |
| <b>Large Masses</b><br>Over 10cm in diameter   | 3 days                     | Additional £25.00                        |   |
| <b>Complex Samples</b><br>Complex excision samples requiring pathologist dissection (whole limbs, whole organs, mandibles, brains, mammary strips, extended margins etc.)                    | N/A                        | Additional £60.00                        | Additional fee charged to cover cost of dissection by a pathologist     |
| <b>Decalcification</b><br>Where complex samples require decalcification an additional charge will be incurred.   | N/A                        | £10                                      |   |
| <b>Second Opinion Histopathology</b><br>Second opinion on histological slides from outside of the University of Surrey, School of Veterinary Medicine  | Up to 10 days              | £45.00 per site<br><br>£20.00 per site   | For 1-2 sites<br><br>For 3 sites and above                              |
| <b>Photomicrographs &amp; Copy slides</b><br>Photomicrographs (e.g. jpeg format) can be supplied where required for case books, personal study or as part of publications<br><br>Copy slides | To be agreed on submission | £30.00 per tissue<br><br>£7.00 per slide | To include images at various magnifications as appropriate to the case  |
| <b>Immunohistochemistry (IHC)</b><br>Cases where IHC may be helpful will be discussed before proceeding  | 7-10 days                  | Price per antibody upon request          |   |

Fees include processing samples to an H&E stained slide and a pathologist's report. Standard special stains recommended by the pathologist are included.

Further complex/expensive special stains e.g. silver stains and Immunohistochemistry (IHC), as advised by the pathologist, will incur additional fees and will only be charged with prior approval.

If copy slides are requested to be sent, postage and packing will be charged additionally.
